

Ali Hassan Aslam

Results-driven Computer Scientist with expertise in C#, .NET Core Web API, .NET Core MVC, and Blazor. Skilled in developing scalable, responsive web applications using HTML, CSS, SQL, and microservices architecture. Proficient in object-oriented programming and Azure cloud services. Passionate about innovation, problem-solving, and delivering impactful solutions in dynamic environments.

Professional Experience:

.NET Developer Intern (Backend Software Engineer)

Inovedia Technologies – Lahore

Jan 8, 2024 – March 8, 2024

Assisted in the design and development of web applications using C#, ASP.NET Core, and RESTful APIs.

- Collaborated with a team to work on the backend of the VCMS Campaign Management System using the MVC structure in .NET Core.
- Utilized SSMS SQL database to manage and showcase backend data for the system.
- Gained hands-on experience in microservices architecture and cloud integration (Azure).
- Collaborated with senior developers to optimize database queries and improve application performance.
- Supported the deployment process, working with CI/CD pipelines and assisting in bug fixes.
- Participated in Agile sprint planning and daily stand-ups, gaining insight into project management and team collaboration.

Junior .NET Developer (Backend Software Engineer)

Inovedia Technologies – Lahore

March 11, 2024 – Present

Automated Requirement and Collaboration (ARC)

- **Architected Modular Solutions:** Engineered core modules, including roles, payment gateways, side menus, tags, customer creation, questionnaires, regions, claims, and partner management, to ensure a robust, scalable, and maintainable system architecture.
 - **Streamlined Documentation Processes:** Automated the generation of Word documents for customers using data-driven templates, reducing manual effort and improving operational efficiency.
 - **Enhanced Security Through Role-Claim Management:** Implemented role- and claim-based access control to provide secure and precise user permissions tailored to specific responsibilities.
 - **Optimized Database Operations:** Designed and integrated SQL Server-based data storage and retrieval mechanisms to handle large datasets with efficiency and reliability.
 - **Technology Stack Excellence:** Built the application using ASP.NET Core MVC, Identity Framework, Entity Framework Core, and an N-tier architecture, adhering to best practices for performance, security, and maintainability.
-

Technical Skills

- **Programming Languages:** C#, C++, OOP
- **Web Development:** ASP.NET Core MVC, ASP.NET Core Web API, ASP.NET Framework, Blazor
- **Databases:** SQL Server, MongoDB
- **Cloud and Architecture:** Microservices, Azure Bus Service, API Gateway, Azure CI/CD Pipeline, RabbitMQ
- **Version Control:** GitHub (proficient in branching, merging, and pull requests for collaborative development)
- **Tools and Utilities:** Microsoft SQL Management Studio (SSMS), MongoDB Compass, NoSQL Workbench, Visual Studio, Postman
- **Design Patterns and Architecture:** Dependency Injection, N-Tier Architecture, Repository Pattern

Interpersonal Skills

- Strong team collaboration, effective communication, problem-solving, adaptability, and time management

Projects

- **Clone of Netflix & Amazon**

Developed functional clones of Netflix and Amazon with HTML/CSS, showcasing front-end skills. Implemented responsive design for seamless user experience, emphasizing attention to detail.

- **Food Website**

Developed a dynamic and responsive food website using HTML, CSS, and JavaScript, demonstrating strong front-end development skills and a focus on user experience optimization.

- **Racing Game**

Led a team in developing a game project for FYP using C#, Unity, and Blender. Created immersive gameplay mechanics, environments, and characters. Demonstrated creativity, collaboration, and problem-solving skills in delivering a polished gaming experience.

Education

2019 - 2023

BSCS / University of Lahore

2017 - 2019

Intermediate (Pre-Engineering) / Govt. Islamia College, Civil Lines, Lahore

2015 - 2017

Matriculation (Science) / Govt. Islamia High School, Lahore

Languages

- ENGLISH
- URDU
- PUNJABI
